

Share your ideas about… Rewilding Stuart Street Reserve

People from various community groups have come together, in partnership with the City of Vincent, to plan the rewilding of Stuart Street Reserve.

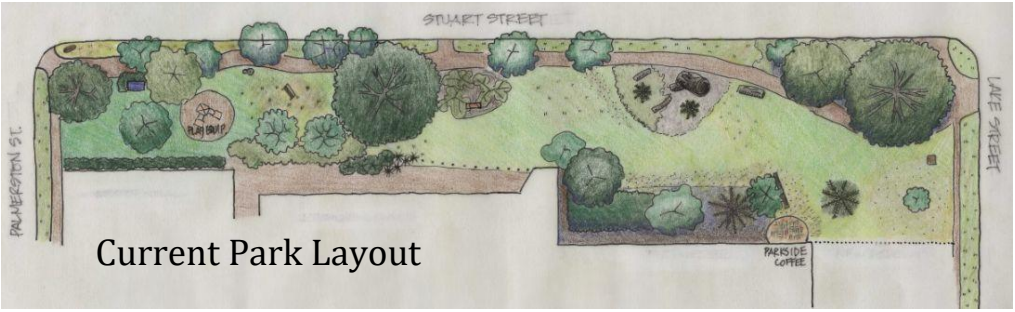

Our vision is:

To transform Stuart Street Reserve into a park that:

- heals country through replanting native species;
- increases tree canopy;
- decreases water use;
- enhances biodiversity and wildlife habitat;
- provides food for Black Cockatoos and
- is a tranquil, beautiful place for our children to play, to meet our friends for coffee, to take a quiet break or have a few minutes of being in nature as we pass through or walk our dogs.

Who is involved?

Transition Town Vincent
Claise Brook Catchment Group
Northbridge Common
Grey Coupland, Murdoch Uni.
North Perth Community Garden
Nature Play WA

Current Park Layout

Before we start we would like to hear your ideas:

- Fill out a short survey using QR code or visit https://bit.ly/rewildstuart
- Walk-through of the park: 10 am Sunday 29 March (meet near Parkside Café)
